From (Name) R.D. Richmond, Esq., I.F.S.,

(Designation) Chief Conservator of Forests.

To The Secretary to the Government of Madras,

Development Department.

Sir,

A draft notification under Section 24 of the Madras Forest Act (V of 1882) for the disreservation of a portion of the Moka plantation is submitted for the approval of Government and publication in the Fort Saint George Gazette.

2. The total area of the Moka Reserved Forest is 1,100 acres of which 700 acres (557 acres planted and 143 acres unplanted) are in Class I. The rest is in Class III but has never been handed over to any panchayat.

proposals submitted are for the disreservation of this lass III area, (which is unplanted) less 24 acres excluded or the sake of boundary simplification, making 376 acres n all.

In 1924 the Conservator, after inspecting the place, ecommended that the whole of the area now proposed for isreservation should be disreserved. The ryots of Yerragudi illage, however, offered to take it under panchayat manage- ent but actually no panchayat could ever be formed. Later, he Board proposed the disreservation of 78 acres for assign- ent to the depressed classes and intimated that the rest as of no use for the purpose of Panchayat management, and ould remain under the Forest Department. There is no ree growth of value, so disreservation is recommended.

What tree-growth existed ~~The tree growth~~ has been sold and will have been emoved by 30th April 1930.
